Colours of Japan: From Nature to Design
Prof. Rossella Menegazzo
starting at 6.30pm

Japanese culture continues to fascinate the West through its artistic production, literature, design, fashion, cuisine and Japanese use of colour.

This conference is a colour journey through the centuries to explore Japanese colour and its meaning in various contexts starting with nature, art and ending with colour in Japanese design.

The event will allow us to raise funds for arcus asbl and to support their project on animal-assisted pedagogy and therapy for children and young people residing in «Kannerhaiser».

The event will be honoured by the presence of
Paulette Lenert, Deputy Prime Minister, Minister of Health
Yuriko Backes, Minister of Finance
Tadahiro Matsubara, Ambassador of Japan to Luxembourg
Corinne Cahen, Alderwoman of Luxembourg City
